# GLADIOLI BULBS

1924 - 1925

Plant Gladioli bulbs from February to June for a succession of bloom. Any good garden soil (sandy preferred), with good drainage. Plant six inches apart and three inches deep. Do not let bulbs touch fresh manure. Cultivation, fertilizing after planting, and plenty of water pays well. Cut as soon as color appears in the bud and open in water in the house.

---

## TERMS.

Prices are for cash before shipment.

Orders booked on receipt of 25 per cent.

Six bulbs at dozen rate; 25 bulbs at 100 rate; 250 at 1000 rate.

Offerings are subject to prior sale.

Single bulb and dozen prices include postage.

No order for less than \$1.00 will be accepted.
